3rd Puerto Rico Cell Signaling Meeting 2016

Friday, April 1, 2016
Gallardo Room, 4th Floor
Dr. Ramon Ruiz Arnau University Hospital, Bayamon, PR
9:00 am – 5:00 pm

This meeting presents current research in cell signaling and promotes collaborations among scientists. It is open to basic and clinical investigators, graduate and undergraduate students currently working in the field of cell signaling.

DEADLINES:

Abstract Submission
March 4, 2016
Prizes for the three best posters

Registration
March 18, 2016
*No on-site registration

REGISTRATION FEE:
Students – $25.00
Others - $30.00

Speakers:

Frances García, M.D.
Title: Involvement of elderly participants in research

Mark W. Hamrick, Ph.D.
Title: Microvesicles and their microRNAs in aging bone

Carlos M. Isales, M.D.
Title: Aging-induced changes in nutrient modulation of bone regeneration

Meghan McGee-Lawrence, Ph.D.
Title: Histone deacetylases in aging-related skeletal biology
