The Specialized Art School Pablo Casals received a prize for their project of turning car tires into works of art.

Six specialized high school received prizes for their environmental work as part of a competition sponsored by Garnier, a division of L'oreal. The schools had the support of the Scuba Dogs Society and the Universidad de Sagrado Corazón. The selected schools received a \$500 prize to continue their environmental stewardship.

For the full text please refer to the Spanish version of the story.
