When technology jumps the gun [1]

Submitted by Wilson Gonzalez-Espada [2] on 30 August 2013 - 4:17pm

 [2]

The pages of history are full of cases when a new scientific discovery is commercialized without fully understanding the side effects or health risks involved. Examples such as x-rays, París green, radioactive materials, nanotubes, and genetically-modified crops must be carefully examined so that we can learn how to avoid deadly technologies.
