Submitted by [Alondra Ivette Tatis Vazquez](#) <sup>[2]</sup> on 3 September 2021 - 8:55am

Currently, I am a first-year student in the department of biology at UPR Cayey. In the new experience, my goals are to get good grades. As a biology student, I would like to understand life from a more scientific perspective, for that I would like to carry out various scientific investigations. My biggest purpose is to receive training and train future scientists. Entering the medical campus is my biggest long-term goal to become a gynecologist.
