As part of our 15th anniversary, we have launched **Ciencia Boricua Allies**, a community of donors committed to the development of science in the archipelago. There are three levels of support: **Explorers**, **Researchers**, and **Innovators**. Each group will enjoy benefits like special recognition, occasional discounts in our online store, access to conferences, and **many more!** By becoming a Ciencia Boricua Ally you contribute to the development and growth of all our projects and campaigns, such as [Semillas de Triunfo](#) [3], [Yale Ciencia Academy](#) [4], [Aquí Nos Cuidamos](#) [5], and [other initiatives](#) [6]. Your monthly or annual contribution as an Ally guarantees us 15 more years of Ciencia Boricua.

Who can be a Ciencia Boricua Ally?

Our Ciencia Boricua Allies are the driving force of the continuous implementation of the mission and vision of CienciaPR. They are scientists, professors, college students, teachers, parents, professionals and anyone interested in enriching the Puerto Rican scientific community. A Ciencia Boricua Ally promotes STEM education for girls, provides materials and resources for educators, and ensures that we can continue shaping inclusive and influential scientific leaders that can move Puerto Rico forward.
