Promoción oficial del concurso: STEAM for All Video Showcase.

It is an online competition on research proposals that address a global problem and the public has until May 17 to vote for their favorite.

Aguadilla, PR - The University of Puerto Rico at Aguadilla is competing with its research project entitled Citizen Science as Teaching Tools in "The 2022 STEM for All Video Showcase: Access, Inclusion, and Equity" video exhibition that will be held online May 10-17 in a voting contest on social media and on its website: <https://stemforall2022.videohall.com/presentations/2417>.
