The million-dollar grant will serve to familiarize high school and college students with sustainable energy and resilience issues. Carlos Diaz/RUM Press

The Dean's Office and College of Engineering of the University of Puerto Rico (UPR) Mayagüez Campus (RUM) received a \$160,000 grant from the Hispanic Association of Colleges and Universities (HACU) and Dominion Energy, an energy company based in the United States, with the purpose of familiarizing high school and undergraduate students with the topic of sustainable energy through a Summer Bridge Program.
