^[2]

The prestigious congress of the *International Society for Microbial Ecology*, brought together Puerto Rican scientists representing the science they do in Puerto Rico and other labs in the diaspora.

Dr. Filipa Godoy, who is ISME ambassador for Puerto Rico, also co-organized the human microbiome symposium, [3] and is collaborating with the organization of ISMELat23, which is the Latin American regional meeting that will take place in Argentina in 2023.
