

UPR Aguadilla stands out at the American Public Health Association Annual International Conference ^[1]

Submitted by [Alondra Caraballo Franco](#) ^[2] on 28 November 2022 - 12:16pm

[2]

Lecture by Dr. Nancy Cardona, professor of Natural Sciences at UPR Aguadilla.

Presented two projects on environmental impact and health in the face of exposure to chemical compounds in the Puerto Rican community.

(Aguadilla, P.R. - November 23, 2022) The University of Puerto Rico at Aguadilla (UPRAg) stood out with the presentation of two projects on environmental impact and exposure to chemical compounds in the Puerto Rican community, at the Annual Conference of the American Public Health Association last November 6-9 held in Boston, Massachusetts.

Read the full story in the spanish version.
