Team Transitions ^[1]

Submitted by [Alondra Caraballo Franco](#) ^[2] on 31 July 2023 - 2:49pm

^[2]

Thank you so much Edmy!
Best wishes on all your
endeavors!

With a mix of emotions we announce that our dear colleague, Edmy Ayala Rosado ^[3], who served as CienciaPR's Community Projects Manager and Science Outreach Specialist, has moved on to become the Director of Communications and Community Impact at the Centro para la Reconstrucción del Hábitat ^[4]. For 3 years, Edmy was an important part of our work team, leading, among other things, the communication and health promotion campaigns of Aquí Nos Cuidamos ^[5] and working hand-in-hand with community leaders through our Community Science Laboratory ^[6], CienciaPR projects with the goal of empowering our communities with practical and supportive scientific information. **We are extremely grateful to Edmy for all of her contributions and excited for her to see all that she will achieve in addressing the housing crisis in Puerto Rico. Thank you Edmy and congratulations on your new stage!**

For more information about Aquí Nos Cuidamos or CienciaCoLab, please contact Xavier Ortiz Torres [7] or our community communication team [8].
