

Director Advises AAAS ^[1]

Submitted by [Alondra Caraballo Franco](#) ^[2] on 31 July 2023 - 2:54pm

^[2]

Congratulations to our Executive Director, [Dr. Giovanna Guerrero-Medina](#) ^[3], on her selection to the Empowering Career Pathways Multidisciplinary Committee ^[4] of the prestigious scientific organization [AAAS](#) ^[5]. Reporting to the organization's leadership, the committee will develop practical tools and recommendations to break down barriers to entry into STEM careers and

improve talent retention. The committee members, who were selected after a national call for recommendations, are STEM careers experts from various backgrounds, sectors, and professional levels. Dr. Guerrero-Medina was selected for her long career leading inclusive and equitable STEM talent development programs, as well as for her leadership of Ciencia Puerto Rico [6] and its achievements.
