Be part of PUCPR-Ponce Campus History by taking the stand and raising your voice to make a transition for 100% Clean Energy for 2030. This is a radical movement where everyone is invited to contribute on spreading the word and making ‘Seize the Grid’ Campaign the biggest and powerful movements in PUCPR. We are in between the top institutions that are running this

campaign in the United States, being the first in all Puerto Rico. Let's not be part of the problem, let's be the SOLUTION!
