Puerto Rico Te Quiero ^[2]

Original Source:

For the second time this year the non-profit organization Ciencia Puerto Rico (CienciaPR) has been recognized by The White House. This time the recognition comes for their commitment to launch The Voice of Experience, a bilingual catalog to allow Hispanic students to explore STEM careers through the voice of successful Hispanic professionals.

You can find the full list of Commitments to Action for Hispanic Education at www.ed.gov/HispanicInitiative [3].
