Finalistas con Dr. Mario Molina (Nobel de Química 1995), Dra. Mónica Feliú Mójer (CienciaPR), Sra. María Concepción (Museo de Vida Silvestre de San Juan), Dra. Dilia Haddock y Prof. Rafael Román (DE) y otros funcionarios. (Joe Colón Studio)

Last week Ciencia Puerto Rico took part in the VII International Congress of the Spanish Language (CILE 2016). Through a historical collaboration CienciaPR and CILE celebrated that for the first time science had a prominent role in this Congress, the largest and most important

celebration of the Spanish-language. CienciaPR and CILE collaborated in the evaluation of science essays for a national science essay competition and in the participation in an international colloquium about the Spanish language and science.
