

UPR Student receives leadership award from the American Chemical Society ^[1]

Submitted by [Ingrid del Carmen Montes Gonzále...](#) ^[2] on 15 July 2016 - 2:10am

^[2]

C. Aponte-Santini was given the SciFinder Future Leaders-American Chemical Society Award

This opportunity will expose a selected group of international doctoral students and post-doctoral fellows to professional development opportunities. The participants will visit the SciFinder Central

Offices in Columbus, OH where they will experience behind the scenes access to how scientists and SciFinder technologists organize, analyze and share information to drive future discoveries.
