Los manatíes Aramaná y Yuisa fueron removidos del área donde estaban ante la posibilidad de que ocurra un derrame de diesel del barco crucero American Cruise Ferries. (Suministrada /DRNA)

Manatees Aramaná and Yuisa were removed from the area in front of Punta Salinas beach in Toa Baja, where they had been adapting to sea life after being rehabilitated, at the possibility that there may be a fuel spill from the American Cruise Ferries ship that ran aground near the coast of San Juan.
