

Greetchen Díaz-Muñoz, nominated to Board of the ASM ^[1]

Submitted by [Giovanna Guerrero-Medina](#) ^[2] on 22 February 2017 - 12:29pm

^[2]

Congratulations to our # Borinqueña, a member of the SciencePR Team, and science champion, Dr. Greetchen Díaz-Muñoz, who is a candidate this year for an elected position on the board of directors of the American Society for Microbiology (ASM).

We invite all friends of CienciaPR who in turn are members of the ASM to cast their vote for ASM Board members before **Friday, February 24 at midnight**: <https://www.asm.org/index.php/asm->

governance [3]

The ASM Board of Trustees is the fiduciary body that sets ASM's budget and programmatic priorities. It would be excellent if we could count on #Cerebroboricua on the board of ASM, the largest scientific society in the life sciences, with more than 47,000 scientists and a very good representation of Puerto Ricans.

In addition to being a leader of several initiatives with CienciaPR, Greetchen is President-Elect of the Society of Microbiologists of Puerto Rico (<http://www.micropr.org> [4]) and Director of the Science Grants Program of the Puerto Rico Science, Technology and Research Trust (<http://prsciencetrust.org> [5]).

Congratulations Greetchen! We are very proud of your achievements!
