Calificación:

Cited from [endi.com](#) ^[2] This event wants to interest students of all academic levels in the field of sciences and motivate them to follow undergraduate studies in chemistry, physics and biology, among others. The event, will begin to the 9:00 a.m. at Rafael Mangual coliseum of the UPRM, and will include workshops and demonstrations in which teachers and students will be able to closely experience the details of the scientific work. The program Science on Wheels began in 1991 and its main mission is to provide students with the opportunity to experience science interactively." For more information visit [Science on Wheels](#) ^[3], or call 787-265-5453.
