

University of South Florida Research Experience for Undergraduates Summer 2013 ^[1]

Submitted by [Domingo J Mateo Feliciano](#) ^[2] on 25 March 2013 - 11:41am

The University of South Florida

Research Experience for Undergraduates in Applied Physics

Research opportunities in Materials Physics, Biomedical/Biophysics, Atomic, Molecular & Optical Physics/Sensors, Computational & Theoretical Physics

Program highlights:

- May 31 – Aug 8, \$4000 stipend /10 weeks
- On-campus housing, travel allowance
- Individual research projects specifically designed for students with limited prior research experience
- Special professional development program to facilitate learning of research methods and lab skills, critical thinking, organizational, oral and written communication skills
- Enjoyable and meaningful social and cultural program
- Focus on attracting students from undergraduate institutions and groups underrepresented in science and engineering

Applications will be reviewed beginning on April 2, 2013. Positions will remain open until filled.

For more information, including on-line application, visit the REU webs <http://physics.usf.edu//>

Dr. Sarath Witanachchi, REU Directors

Email for further inquires: switanach@usf.edu
