WSEN

CUMBRE AMBIENTAL
DE ESTUDIANTES LATINOAMÉRICA

2017

Once in a Lifetime...

Recently, I **received a very special news!!!**

I applied to attend an event to represent my university and country as a promoter and change-maker to a more sustainable future. For my surprise, last week I had the acceptance and confirmation of being part of the **WSEN I Latin-American Regional Summit 2017** ^[3] in Bolivia from the 30th of January to the 3rd of February 2017.

The 'San Pablo' Catholic University of Bolivia, will host this event, with the representation of at least 60 delegates from more than 30 Latin American universities. The purpose of this event is to expose solutions to the environmental problems faced in Latin America.

As a delegate from Puerto Rico, I hope to give the best and with the acquired knowledge, continue education.

This is why I need your help! I have started this fundraising campaign ^[4] to earn the money needed to pay a visa for entering the country and also for the plane tickets from San Juan, Puerto Rico to Cochabamba, Bolivia. I need this funds by January 1st in order to have things on time. This amazing opportunity will help me obtain more experience on my study field and will definitely be a great adventure. Being Puerto Rico's delegate in this event, means huge responsibility that I'm willing to commit. After attending this Summit, my aim is to empower others with the knowledge acquired, giving workshops, webinars and more.

I will be really thankful to everyone who helps me get a step closer on this once in a lifetime chance. Please, share my story!

Very Grateful,

Natalia Martinez-Torres
