keren.melendezf@gmail.com

I am a junior student in Molecular Biology on track for an MD Degree. Currently, I am looking for academic internships in the field of medical science so I may supplement and put to practice the skills I have to offer.

### SKILLS

Research and data analysis

Fluent in Spanish

*Google Drive* capability

Attentive to detail

Time management

Responsible

Use of a ball mill

*Microsoft Office*

*R-Studio* expertise

Problem solving

*Origin* proficiency

Statistical analysis

### EXPERIENCE

**Spec Lab, San Juan, Puerto Rico** - *Undergraduate Research Assistant*

SEPTEMBER 2019 - PRESENT

- Provided technical direction on lithium sulfur battery projects and initiatives to other physicists, designers and technicians.
- Compiled effective methodological strategies for the synthesis of lithium-sulfur batteries.
- Attended a seminar for the proper handling of chemical reactants.
- Researched and updated all required materials needed in the laboratory.

### EDUCATION

**University of Puerto Rico, Río Piedras Campus, Puerto Rico** - *Junior Biology Student*

AUGUST 2017 - Present

## **ORGANIZATIONS**

**NASA SPRInT (Puerto Rico Space Partnership for Research, Innovation and Training to Engage the Next Generation of Explorers)**

OCTOBER 2019 - Present

## **CERTIFICATIONS**

Identification and Listing of Hazardous Waste Certification (40 CFR 261-262)

## **HOBBIES**

- Traveling
- Dancing
- Volunteer work
