SUPPORT OUR STEM AMBASSADORS
TO MENTOR THE NEW SEEDS OF SUCCESS

New! This year, we will select 10 STEM Ambassadors to mentor Semillas de Triunfo 2021-2022 participants. STEM Ambassadors are girls who have completed the Program. In this phase, they will receive training, mentoring experiences with other girls, and other opportunities in STEM.

INCREASE YOUR IMPACT BY SPONSORING THE SERIES OF ONLINE TALKS “JUNTAS Podemos”

In “Juntas Podemos”, we will conduct at least 10 online talks with outstanding women in STEM disciplines who are inspiring examples. The talks will take place from November 2021 to March 2022 and will be open to young people from Puerto Rico and beyond!

SPONSOR THE WOMEN IN STEM COLLECTION

Bring the faces of women role models to the homes of participating girls and to schools in Puerto Rico! 120 girls and 50 educators will receive a set of posters. Add your organization’s logo by sponsoring poster printing of Semillas de Triunfo's Women in STEM Collection, which includes undergraduate and graduate students, post-doctoral researchers, as well as professionals from academia, industry, government, and non-profit organizations.

SUPPORT OUR STEM AMBASSADORS TO MENTOR THE NEW SEEDS OF SUCCESS

New! This year, we will select 10 STEM Ambassadors to mentor Semillas de Triunfo 2021-2022 participants. STEM Ambassadors are girls who have completed the Program. In this phase, they will receive training, mentoring experiences with other girls, and other opportunities in STEM.

INCLUDE YOUR ORGANIZATION IN THE SEEDS OF SUCCESS "KIT"

If you have promotional and/or educational STEM materials of interest to 120 middle school girls, we can include it in the Seeds of Success Kit. The girls selected for the program will receive the Kit by post, between the end of July and August 2021. Your organization will be included as a “In the Box” Contributor, on the CienciaPR portal and its social networks.

DONATE PRIZES FOR THE BEST STEM AMBASSADOR PROJECTS

To become STEM Ambassadors, girls will need to carry out a STEM outreach project that impacts more people in their school and/or community. The best STEM ambassador projects will be awarded at the end of the program. Help us celebrate the achievements of middle school girls through an economic or in-kind donation that rewards their impact. The closing event is scheduled for April 2022.

HOST STEM AMBASSADOR PROJECTS

Your organization can serve as host of STEM ambassador projects by using an initiative and/or platform for citizen participation in which one or more girls can serve as a resource, impact your audience and at the same time complete their project. The opportunities will be agreed with CienciaPR and offered to the girls during August 2020. Projects must be completed between October 2021 and February 2022.
FILL THE COLLABORATORS FORM

DO I HAVE TO LIMIT MY ORGANIZATION TO ONLY ONE TYPE OF COLLABORATION?

Of course not! Your organization can choose all the possible ways to collaborate.

HOW WILL OUR CONTRIBUTION TO THE PROGRAM BE RECOGNIZED?

The collaborators and sponsors of Seeds of Success will be recognized on our portal, social networks and communications that take place during the 2021-22 cycle. Collaborators are invited to highlight their contributions to the project through their own communication platforms in coordination with CienciaPR.

CAN I SUGGEST OTHER FORMS OF SUPPORT?

Of course. We are open to many possibilities that can improve the Program and increase the opportunities for participating girls and mentors.

CAN I SUGGEST OTHER ORGANIZATIONS TO COLLABORATE?

Of course. Send them this information and the link for the Collaborators Form. We appreciate your help spreading the voice.

WHO SHOULD I CONTACT IF I HAVE OTHER QUESTIONS?

By email with Dr. Greetchen Díaz to: gdiaz@cienciapr.org

For other questions about the Program contact: semillas.triunfo@cienciapr.org

THANK YOU FOR YOUR SUPPORT!
