ADVERTISE WITH US

Whether you are looking to spread the word about your brand, reach specialized expertise, or promote your event or resource, CienciaPR offers tailored communications solutions to help you reach the right audience!

Founded in 2006, CienciaPR is a powerful database-driven website designed to promote and support the growth of research in Puerto Rico and the appreciation of science by all sectors of society. The only initiative of its kind, CienciaPR connects over 7,200 members, including academic scientists and scientific professionals, educators, and students in the Puerto Rico, the U.S. and abroad. CienciaPR’s member database, events calendar, message board, and communications platforms (website, newsletter, Twitter, and Facebook) permit seamless networking, and exchange of research opportunities, educational initiatives, and private ventures.

CienciaPR at a Glance:
- Our traffic averages more than 25,000 visitors per month (Google Analytics)
- Over 7,200 registered members; 7,000 Facebook, >3,880 Twitter and ~1,460 LinkedIn followers; Klout of 64; an average weekly Facebook reach of >20,000
- 70% of our members are under the age of 44
- 48% of our members work in academia, 20% are in the private sector. Among those in academia, 27% are professors, 34% are graduate students and postdocs, 26% are undergrads
- 70% of our members are in Puerto Rico and 26% in the U.S.
- 69% of our members have some interest in entrepreneurship and 22% are extremely interested
