Summer Program in Neuroscience, Excellence & Success

Marine Biological Laboratory, Woods Hole, MA

June 14 – July 5, 2017 | Application deadline Feb. 24, 2017

"SPINES truly changed my life as a scientist for the better."

Creating a diverse scientific workforce for neuroscience

For over 20 years, SPINES has had an outstanding track record of producing successful scientists from diverse backgrounds. This is an intensive immersion experience designed to create the future leaders of a diverse scientific workforce in neuroscience. The course focuses on professional development and honing quantitative analytical skills in neuroscience research. Travel, room, and board are covered.

All costs covered.

The MBL is an Affirmative Action/Equal Opportunity/Disabled/Veterans Employer and an affiliate of the University of Chicago.

"The connections I was able to make were the best part of the whole experience."
