

Intersections Science Fellows Symposium

January, 6-8th 2021

Highlighting diverse future leaders in the life sciences

Are you a postdoc in the U.S., ready or almost ready to transition to a faculty position?

Showcase your work, engage in tailored *mentoring* and workshops, and **connect** with colleagues from diverse backgrounds.

Talented postdoctoral researchers in any U.S. lab, including those from historically underrepresented and/or disadvantaged backgrounds in academia, are strongly encouraged to apply.

Apply at: **www.IntersectionsScienceFellows.com**

Application deadline: **December 1st 2020**

Network with institutions interested in hiring future faculty from diverse backgrounds, including

Yale University

Broad Institute

Rockefeller University

Whitehead Institute

Harvard University

NYU

University of Massachusetts

Meharry Medical College

Princeton University

Vanderbilt University

Ragon Institute

Albert Einstein College of Medicine

Icahn School of Medicine at Mount Sinai

Memorial Sloan Kettering Cancer Center

Washington University in St. Louis

University of Pittsburgh

MIT

University of Pennsylvania

Columbia University
