

Puerto Rico Physiological Society

Fourth Annual Meeting

Exercise Physiology: from Molecules to Systems

Ponce School of Medicine and Health Sciences
Saturday, February 8, 2014

Information at
<http://www.psm.edu/PRPS/>

**Registration
deadline:
Jan/24/2014**

Speakers from PR and the USA presenting their latest research on the effects of exercise on epigenetic changes and cancer prevention, involvement in functional and adaptive changes, and impact on aging. Networking and poster session, too!
