

University of Puerto Rico - Mayagüez Campus
General Engineering Department

FACULTY POSITION

The GED invites applications for a tenure track position at the rank of Assistant Professor. Applicants must hold a Ph.D. in Applied Mechanics, Biomechanics, or Material Science and Engineering. The successful candidate will be expected to teach courses and advise students at both undergraduate and graduate levels, and develop an external funded research program. Must provide substantial evidence of proven track record of peer-review publications, excellence in teaching and ability to obtain externally funded research grants.

For more information, please access: <http://home.uprm.edu/hrjobs/showjob.php?id=624>

The following documents are required to apply:

For full consideration, interested candidates should send the application material, including a letter of intention detailing the research and teaching plan, curriculum vitae, official university transcription (undergraduate, graduate, and Ph.D.), contact information, and three professional references to:

Dr. Jeannette Santos, Acting Director
